Odontos

College of Dentistry

Volume
Six
1960

This is your ODONTOS, 1960 — the sixth annual publication of a yearbook by the students of the College of Dentistry, and the School of Dental Hygiene.

This is the beginning of a new decade, and a new era of Ohio dental education. The College of Dentistry, the School of Dental Hygiene, and their faculties have but one objective — the improvement of man's dental health. These faculties will fortify the student with the best dental instruction possible, hoping that their students evidence their education by correctness and precision in the use of the English language, by refined and gentle manners with sound standards of appreciation of beauty, worth, and a character based on these standards. They hope that you, and those who come after, will serve humanity in Ohio, or wherever you may go.

This is your ODONTOS, 1960 — we dedicate it to you, and your future.

A handwritten signature in black ink, appearing to read "John P. F. F.", written in a cursive style.

Editor-in-Chief

ALUMNI GATE

Webster defines a gate as an opening for passage in an enclosing wall. However, it is here that we must disagree with him for these gates are the ones through which we, as dental students, pass not to enclosed ghettos but to new horizons for benefits to the human race.

HAMILTON HALL

It is in these halls the structural and functional complexities of the human body are taught not only for the purpose of treating fellow man and relating this knowledge to dentistry but also in appreciating and understanding the uniqueness of the human mechanism.

HAYES HALL

Esthetics, esthetics . . . these words will forever echo in our minds. We are taught early that a dentist must have the eyes and mind of both a scientist and an artist. Indeed dentists are the master artists, for their works do not hang in dim-lit galleries but are proudly displayed by humanity.

PHARMACY AND BACTERIOLOGY BUILDING

Passing through these doors means a step closer to the mysteries of the microorganisms which have affected men's lives from the dawn of creation. For we learn that these mighty microbes are both harmful and beneficial to mankind; thus it is here that man someday will conquer disease.

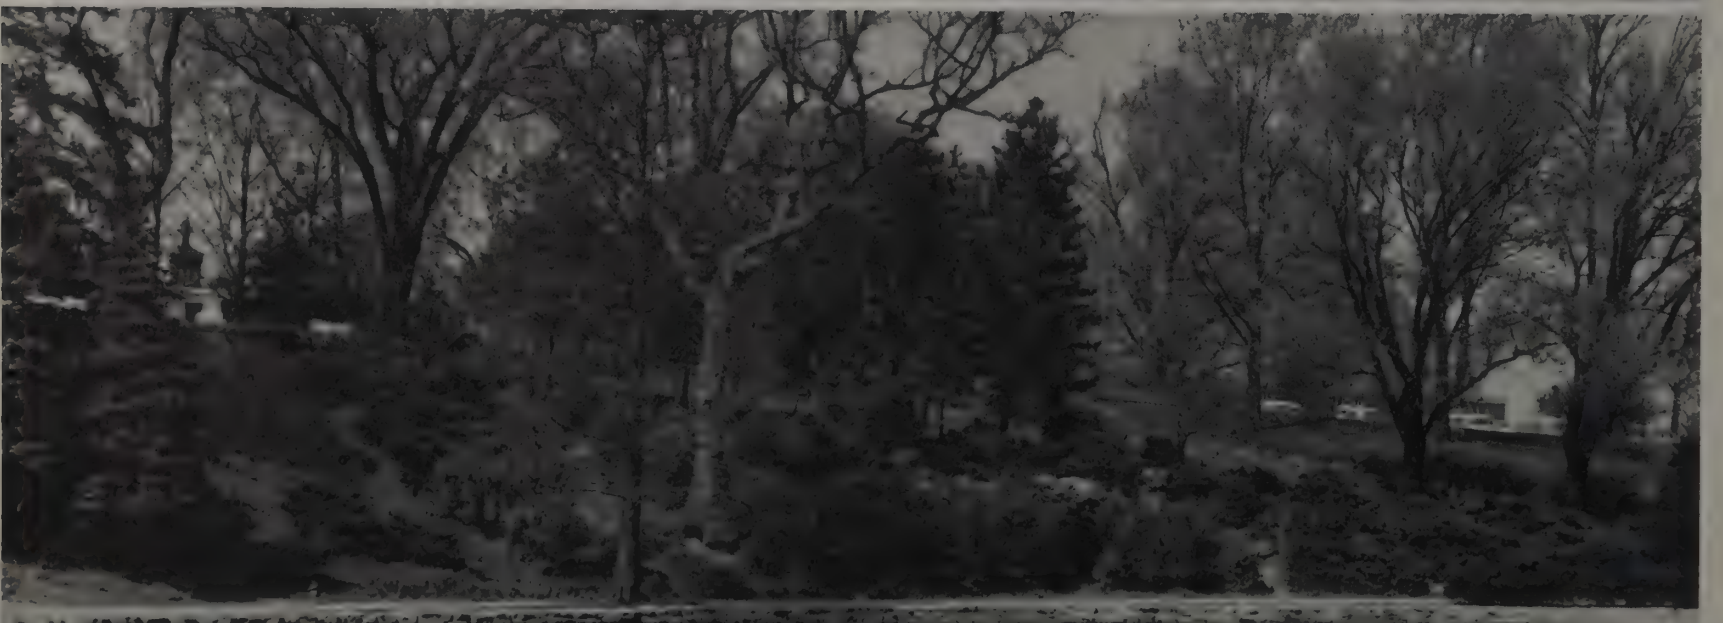

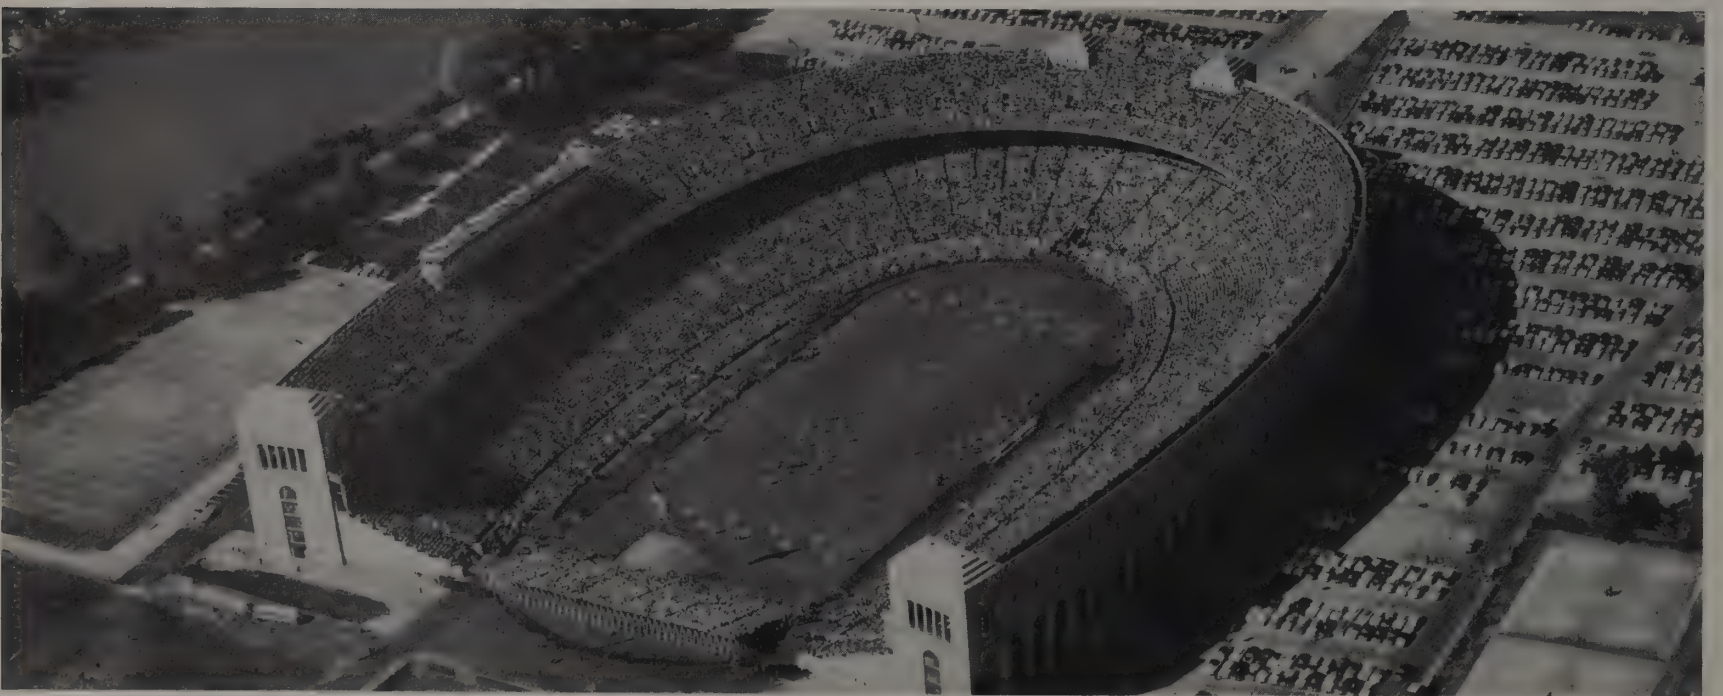

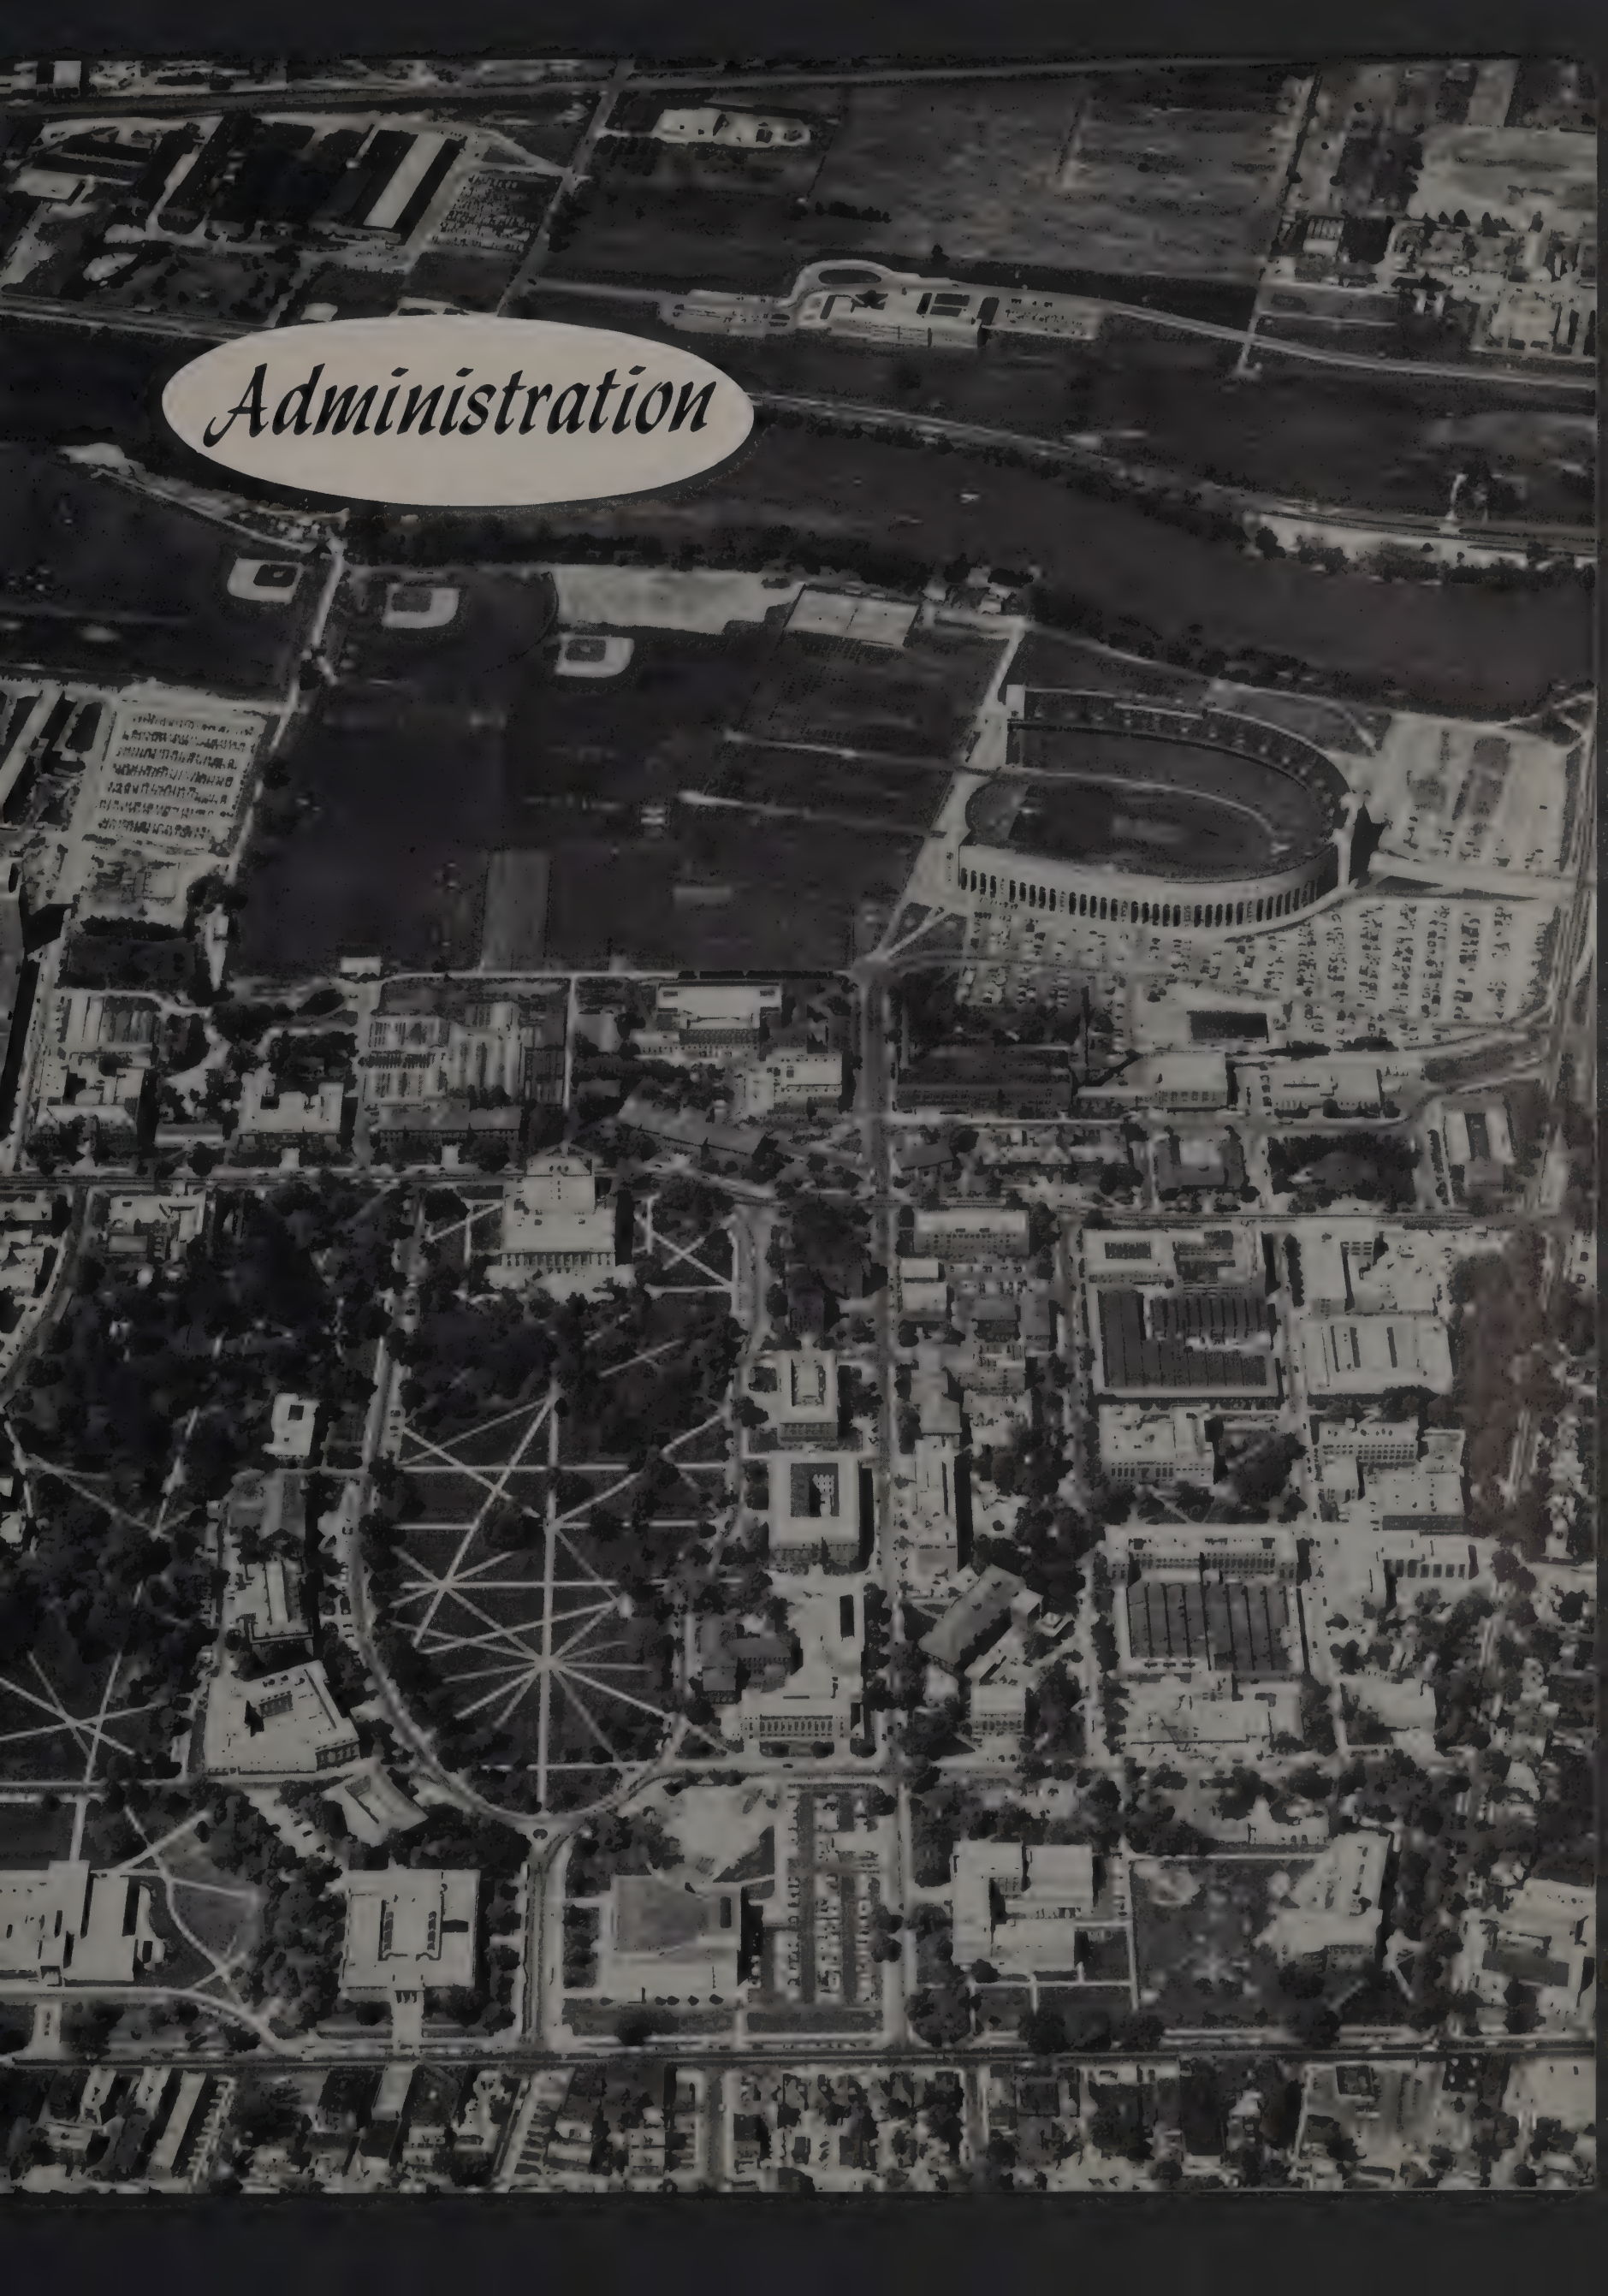

UNIVERSITY HOSPITAL

In this imposing structure we are taught to compose our faculties so that we may “treat not a tooth, not a mouth, but a person.” It is here that our previous years of seemingly piecemeal training gel into an infusible mass.

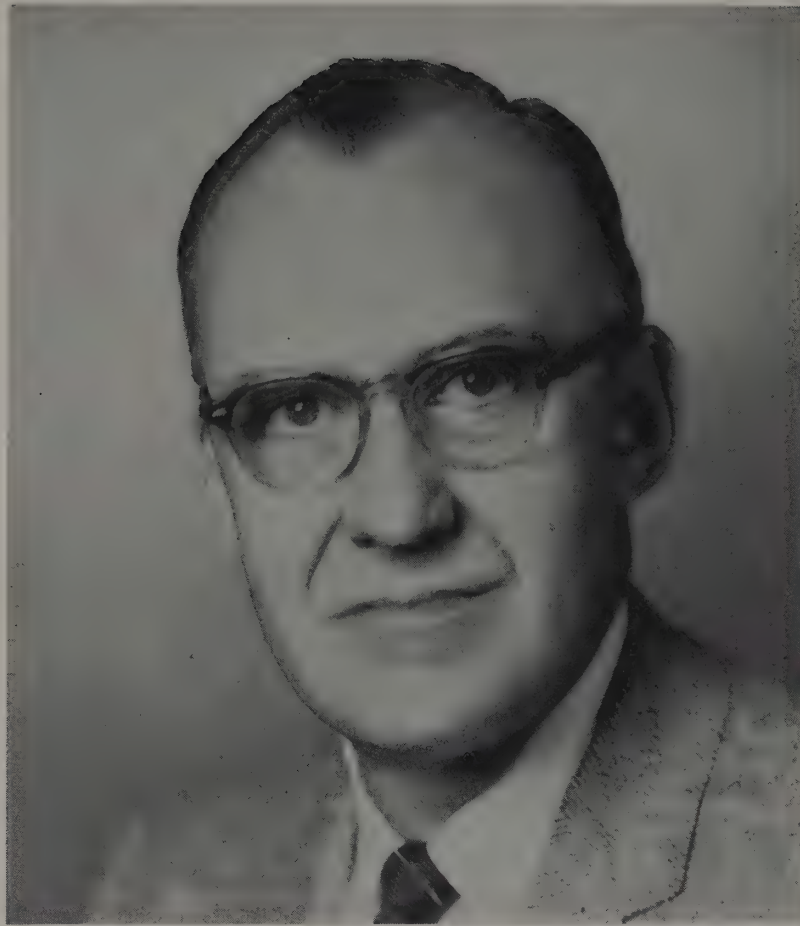

An aerial photograph of a university campus. In the upper right, a large, modern, oval-shaped stadium with a curved roof is visible. To its left, a large geodesic dome structure, likely a sports arena, is partially obscured by trees. The campus is filled with various academic buildings, parking lots, and green spaces. A road or railway line runs horizontally across the middle of the image. The word "Administration" is written in a cursive font inside a white oval in the upper left quadrant.

Administration

President

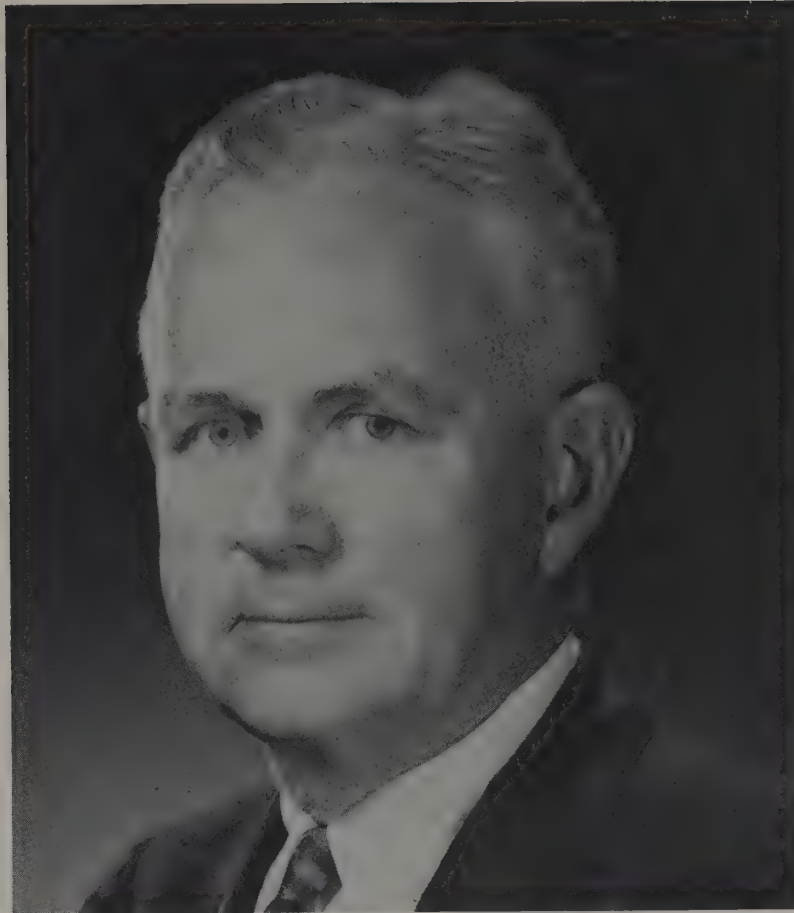

To the Students of the College of Dentistry:

With the completion of new and enlarged physical facilities, along with accessions in equipment, the College of Dentistry during this academic year has made significant progress in moving toward the level of greatness which is its destiny. Such facilities and equipment, in the hands of a highly competent faculty, are vitally important tools in strengthening research and upgrading instruction in dental education for a larger student body. Under the able leadership of Dean Wendell D. Postle, vigorous efforts of students and staff are melded to meet the continuing challenge of quality and quantity.

To each member of the Class of 1960, who will soon begin a career of high service, my sincere congratulations on the choice of your life's work and on your achievement. It is my wish that you will enjoy the abundant success in your profession and the abiding happiness which stem from purposeful living.

Novice H. Fawcett

Dean

To the Class of 1960:

Congratulations to each member of the Senior Class upon completion of your undergraduate training in dentistry. I know I speak for every member of the faculty in wishing you success in the future. We have enjoyed our association with you as students and look forward to even greater satisfaction in having you our associates as members of the dental profession.

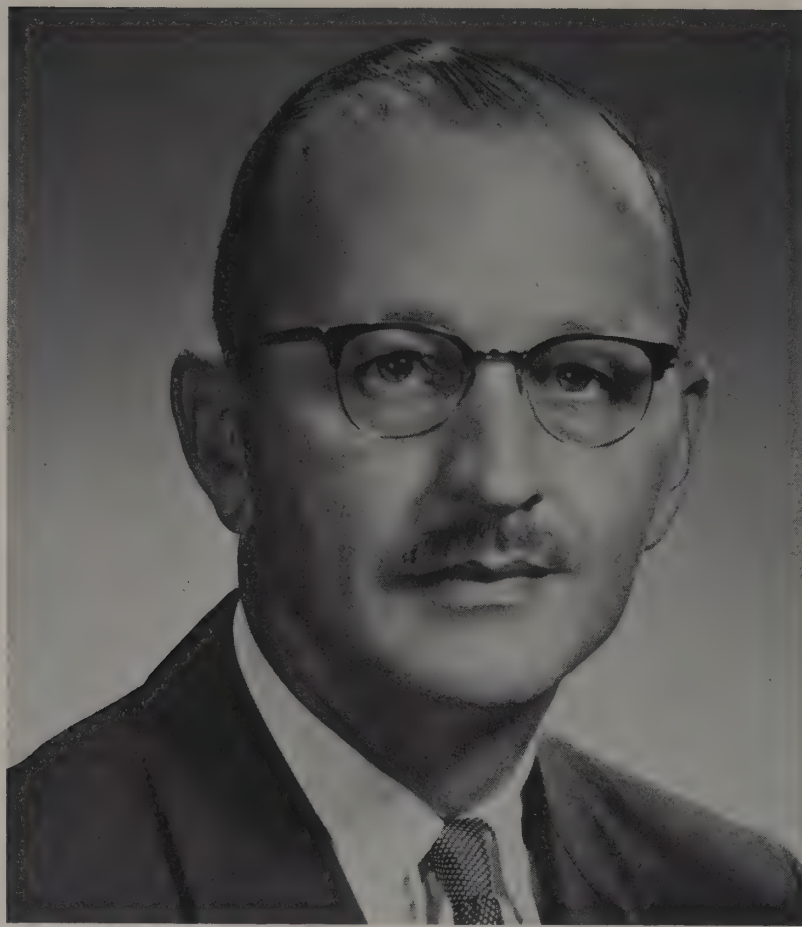

With the increasing population and the demand for dental service, the challenge before you is great. The dental profession is held in high esteem by the public at large and they expect and deserve excellent care in solving their dental problems. I am sure we can depend upon you to assume this obligation. We hope you will take an active part in the communities in which you locate, both in public and dental affairs. You should be a leader in your community.

We will be proud of you as we are of all our alumni and we hope you will return to the University at frequent intervals.

Best wishes for a successful career in dentistry.

Herbelle S. Foster

Associate Dean

To the Class of 1960:

I know I express the thought of the entire faculty when I wish each member of the graduating classes in dentistry, and in dental hygiene, the best of success.

With our excellent faculty and facilities, you have been exposed to the finest in dental education. The application of this training is now your responsibility. We look forward to the fine records in the practice of dentistry and in dental health service that we know each of you is capable of making.

We know you will want to return to bolster your education, and invite you to take advantage of our continuing education programs at the graduate and post-graduate levels.

Please accept my personal sincere wish for a happy and successful career.

John L. Wilson

Secretary

WILLIAM CALLAND DEW, D.D.S.

Dr. Dew was appointed Secretary of the College of Dentistry in February, 1959, succeeding Dr. Paul C. Kitchin who retired in 1957. He is also an Associate Professor of Dental Materials.

Dr. Dew was graduated from Barnesville (Ohio) High School in 1934. He attended Oberlin College and the Ohio State University and received his D.D.S. degree (magna cum laude) from the College of Dentistry in 1941. He received the first Callahan Student Prize to be awarded to a College of Dentistry graduate. He became an Instructor in 1942, following a one year internship in Crown and Bridge and Prosthodontics. He was appointed Assistant Professor in 1944, and was made Associate Professor in 1948.

Dr. Dew formerly taught Dental Materials and Dental Anatomy to both the Dental Hygiene and Dental Technology students. He also taught Pre-clinical Operative Dentistry for several years. He has been on programs of the American Association of Dental Schools and several Ohio dental societies. He has also presented numerous Table Clinics.

Dr. Dew has been Secretary-Treasurer of Theta Chapter, Omicron Kappa Upsilon (Dental Honor Society) since 1951. He served as Deputy Councilor of Psi Omega Fraternity from 1944 to 1952, and has been Secretary of the Psi Omega House Company since 1944. He is a member of the Columbus Dental Society, the Ohio State Dental Association, and the American Dental Association.

WELCOME, DOCTOR DEW!

Assistant
to the Dean
MARY E. LUETHI

Secretary
to the
Associate Dean
MARGARET REMLINGER

Secretary,
PAULINE WITTWER

An aerial photograph of a university campus. The image shows a large, modern building complex with multiple wings and a central courtyard. The building has a distinctive design with many windows and a flat roof. To the right of the building is a large, paved parking lot filled with cars. The surrounding area includes other campus buildings, trees, and a road. The word "Faculty" is written in a stylized font inside a white oval on the left side of the image.

Activities

Alpha Kappa Gamma

Zeta Chapter of Alpha Kappa Gamma was founded at Ohio State University in 1946, two years after the initiation of the dental hygiene program here.

The chapter, largest in the nation, was represented at Continental Conclave, held at the State University of Iowa, by the president and vice president.

Other highlights of the year included a visit to the School for the Blind; the annual Christmas Party, given for the actives by the pledges; Founder's Day Banquet; the Spring Dinner-Dance; the Senior Recognition Banquet; and parties held with the various dental fraternities.

Alpha Omega

Psi Chapter of Alpha Omega has had an excellent year. The fraters maintained their high scholastic standing and found time to participate in school activities.

The social season was highlighted by the Winter Party at the Columbus Riding Club and the Spring Formal and Annual Awards banquet. Alpha Omega fielded intramural teams in all sports. Dick Basch and Jim Freed played on the Varsity Tennis Squad.

The Columbus Alumni gave the chapter excellent support by helping rebuild the lab over the summer and by participating in joint discussion groups with the chapter.

Senior Class President, Al Samuelson, also served as President of the fraternity. Other officers include: Vice President, Jerry Friedman; Treasurer, Jerry Goldstein; Secretary, Clifford Marks.

Delta Sigma Delta

Delta Sigma Delta, the oldest of the professional social dental fraternities, was founded at the University of Michigan in 1882 and now boasts chapters all over the world. MuMu Chapter was founded at Ohio State in 1926, and has grown to an annual membership of more than 100 actives and pledges. In addition, the chapter is proud to claim a large and active Wives' Auxiliary, which has been of great assistance in such things as rushing and providing new furnishings for the house at 90 W. Tenth Ave.

The social schedule featured a large number of events; among the more notable were the Homecoming Dance, annual Thanksgiving Dinner, the Christmas Party, and the combined party with Psi Omega and Alpha Omega. The climax of the social year was the yearly Senior Recognition Banquet at Ilonka's Provincial House.

Delta Sigs have not only been active on our own campus, but have also attended functions in other areas, such as the Mid-Eastern Conclave which was held this year in Cleveland.

Psi Omega

Psi Chapter of Psi Omega was founded on the Ohio State campus in 1901. Since that time has grown both in stature and size till now its present membership is 156 actives and pledges.

However, the year of 1959 is a great milestone in the history of Psi Chapter, for this year they have moved into their new Colonial styled fraternity house located at 85 E. 13th Ave. The new house provides living space for 41 actives and pledges, plus ample lab and social accomodations.

The Psi O's also continued their leadership in campus and off-campus activities.

The social calendar, busting at the seams, included such highlights as Christmas dinner in our new house, New Year's Eve Party, and Senior Recognition at Ilonka's Provincial House.

Xi Psi Phi

Kappa chapter of Xi Psi Phi Fraternity, the newest dental fraternity at Ohio State University, actually had its origin here in 1897, when the dental school was still a part of the old Ohio Medical College.

From that date until 1933, the chapter flourished; but with the depression Kappa Chapter assumed an inactive status. The chapter was then inactive until April 19, 1955, when, after many months of planning by the Ohio Xi Psi Phi Alumni Association, the chapter was re-activated.

The nucleus of the present chapter was formed by 12 men. Since that time Kappa has increased their membership to 60. The latest accomplishment was the recent purchase of a new chapter house.

Today, Kappa chapter is a strong and growing part of the campus with members taking an active part in dental school and extra-curricular activities.

— DURING THE YEAR —

Several faculty members were initiated. Dr. Herbert G. Frankel was honored at the Post College Assembly for his many years of service as a Zip. The Senior Recognition banquet and dance bid farewell to our graduates.

Highlight of fall quarter was the opening and dedication of our new house.

PROFESSIONAL INTERFRATERNITY COUNCIL

Dental Chorus

The Dental School Chorus is under the direction of Vern Houston who has been its leader for the last two years. The Chorus, of which the Dental School is very proud, is composed entirely of students in the College of Dentistry and in the School of Dental Hygiene. This year, as in the past, the Chorus has enjoyed an active year of participation in Dental School activities.

Odontos Trophy

Each year the Odontos presents the Odontos Trophy to the Winner of football competition between the dental professional fraternities.

This year the burly Delta Sigma's took the trophy from Psi Omega, last year's winner.

Delta Sigma's Richard Cannon accepted the trophy from Charles Ellis, Psi Omega President.

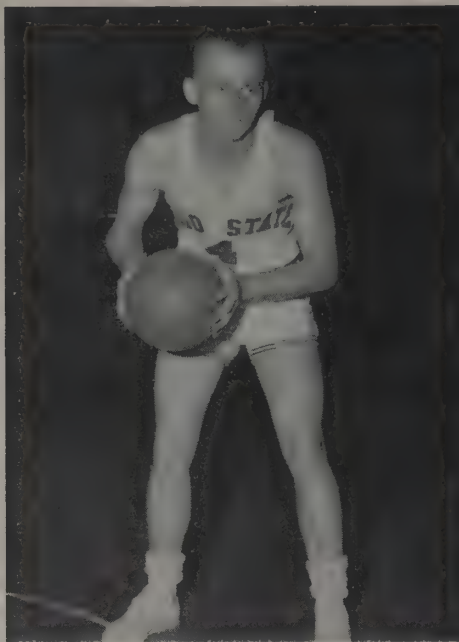

Intramurals

Intramurals, providing a welcome break from the rigorous daily regulations of the Dental School and its Clinic, was enthusiastically received again this year. Delta Sigma Delta walked home with the Odontos Trophy. However, Psi Omega won the Class II Football Trophy and took top honors in basketball this year.

Pre-Clinical Years

Pre-Clinical Years

Clinical Years

Once upon a midnight dreary
While I pondered weak and weary
Over oral path, O. D., and misbegotten
love

There came an echoing,
A distant reckoning
Go deeper, boy, go deeper,

All at once my head was splitting
From twenty-four hours of sitting
Studying, My God, what a bore.

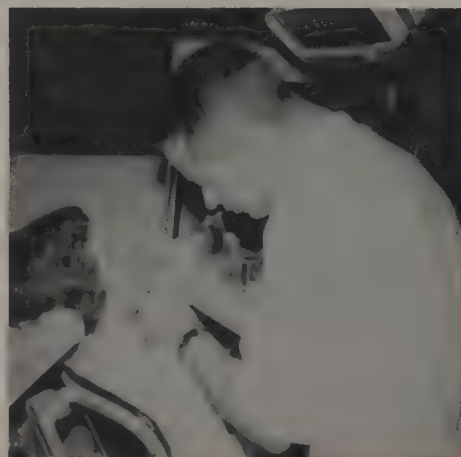

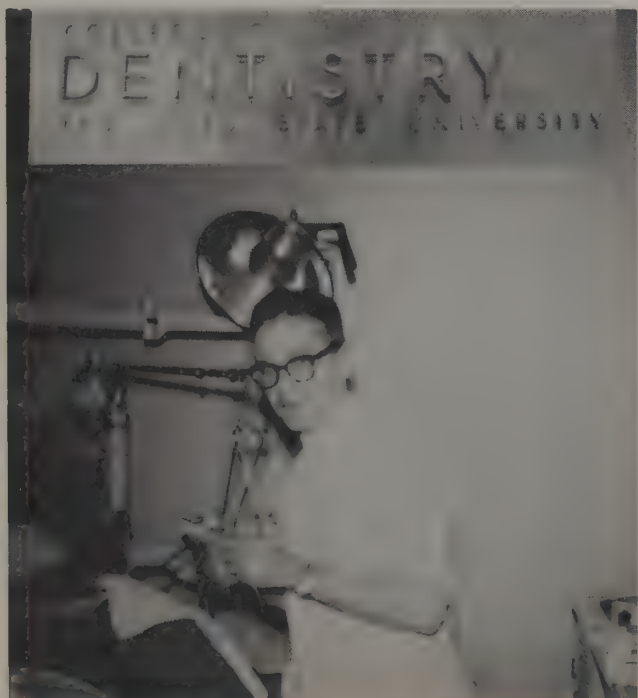

Then came an echoing
A distant heckling
Go deeper, boy, go deeper.

Now the practical was done
But damned if I could have any fun
For echoing
A distant heckling
Go deeper, boy, go deeper

Still studying the books could not tell
Oh why, could he go deep as Hell
And blood would splurt at my every try
Go deeper, boy, go deeper.

And so I timidly asked him,
Standing back in awe,
But his only answer —
Quote the Raven —
"You are a claw."

MOLE

Who's the bird-dog?

"77 Sunset Strip"

Well, if you're so damn smart . . .

"The man on the go wears Jockey shorts"

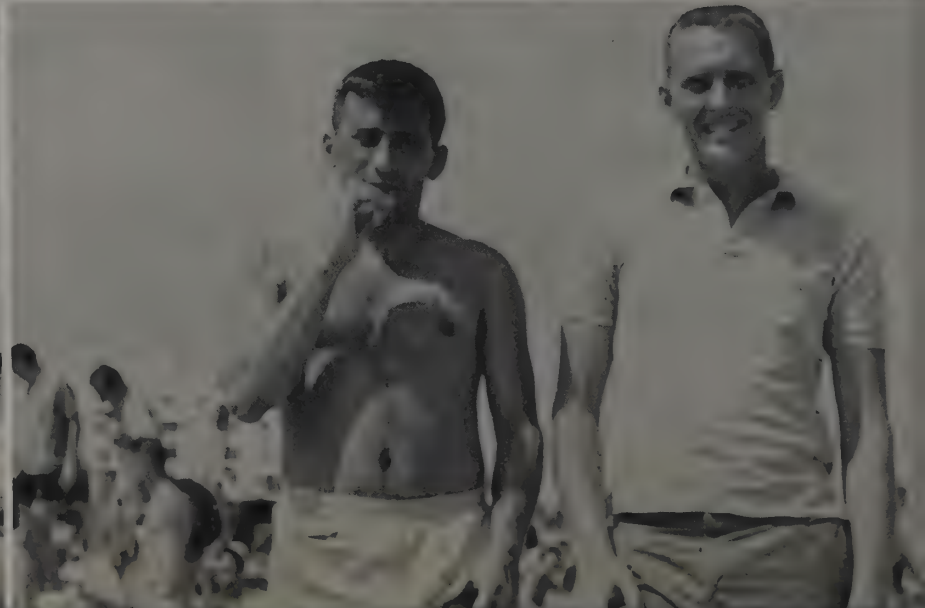

He gets this way when he's drunk

Ready or not, here I come.

*Intercollegiate Spring Frolic
Ft. Lauderdale, Fla.*

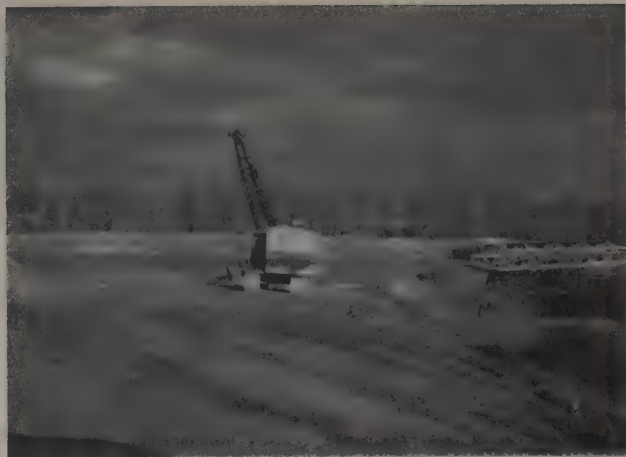

Shucks, we've been married for hours.

And then she gave my my pin back —

Deeper?

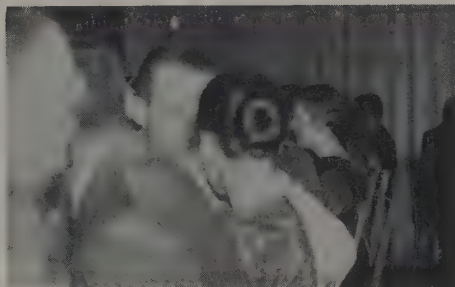

You're breaking my heart.

Me worry?

BLUE CHIP PATIENT

You! are getting very sleepy.

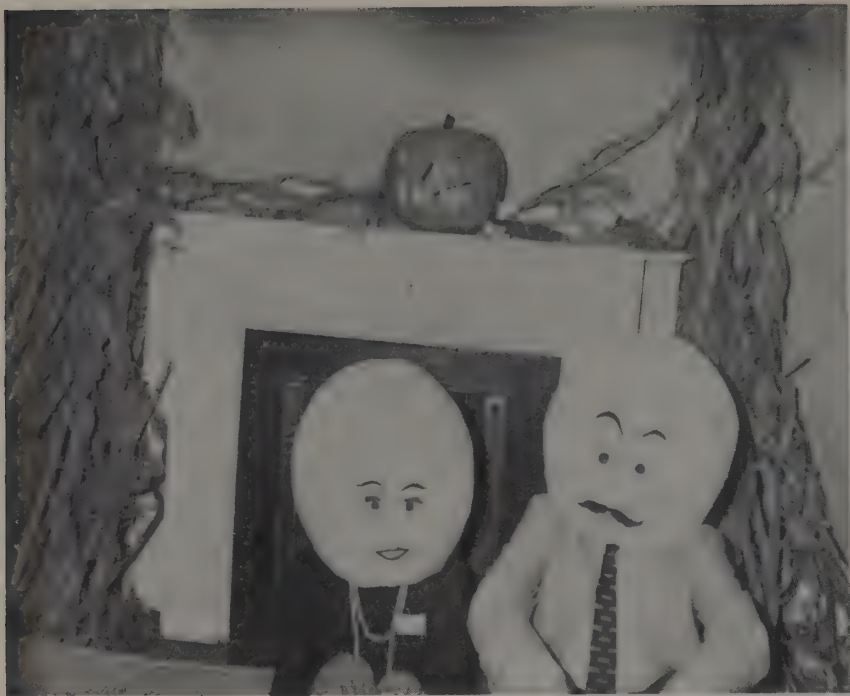

Ding the pledge with the green tie.

Highspeed dentistry.

The phone's for me?

We're Judy's Parents

Playmate of the month

Now, when I have my own practice!

Next year, a two chair office

Hey, come back with my casting tongs.

I can't stand it anymore!

I don't mean to be listening . . .

Quick — write me a prescription.

Any girls for football?

Quick, get a stake for its heart.

Who said the "Big" word?

But the quarterback always stands here.

Oh well, another weekend shot to —

This plastogum tastes lousy

Students, arise!

Guess who?

Shave and a haircut under general

It fits!

"The Lone Ranger"

Get your foot out of my drink

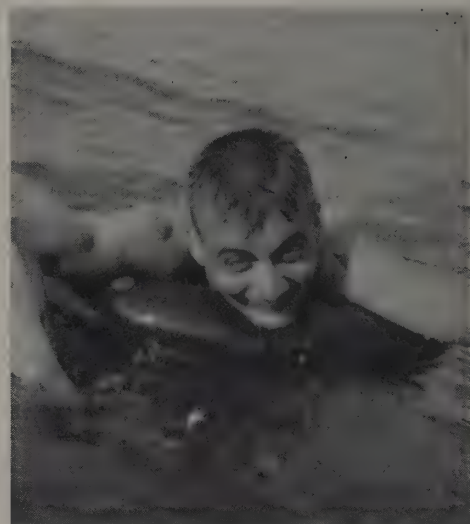

Dr. Zhivago has a red cover.

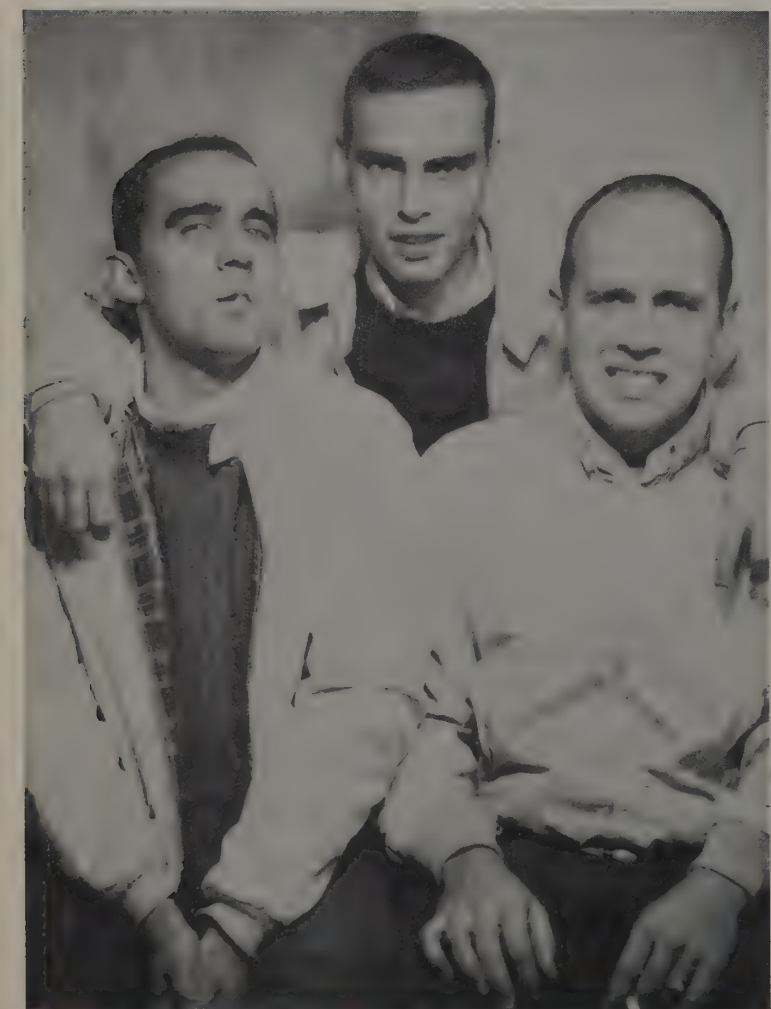

Hello — I'm Doctor untouchable.

Go to bed — she left 2 hours ago.

Of course it's all scotch.

What, pretzels cause caries?

"My cup runneth over"

Hospital Seminar

That is good — yes?

Let's go, I've got the bait.

All together now, 1-2-3

Review hell, I have to learn it first!

RELAX

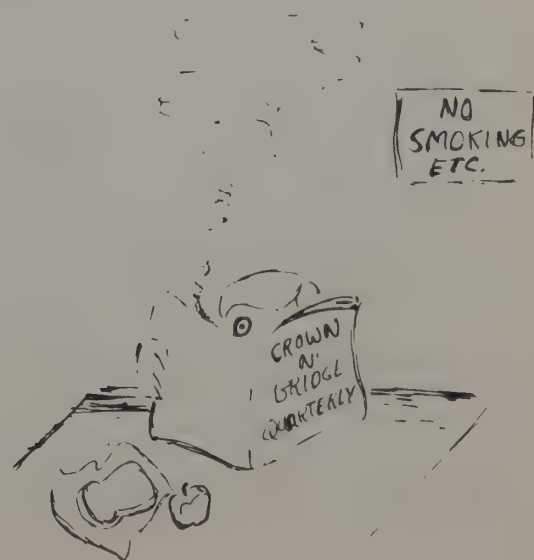

Rather heroic start but — the —

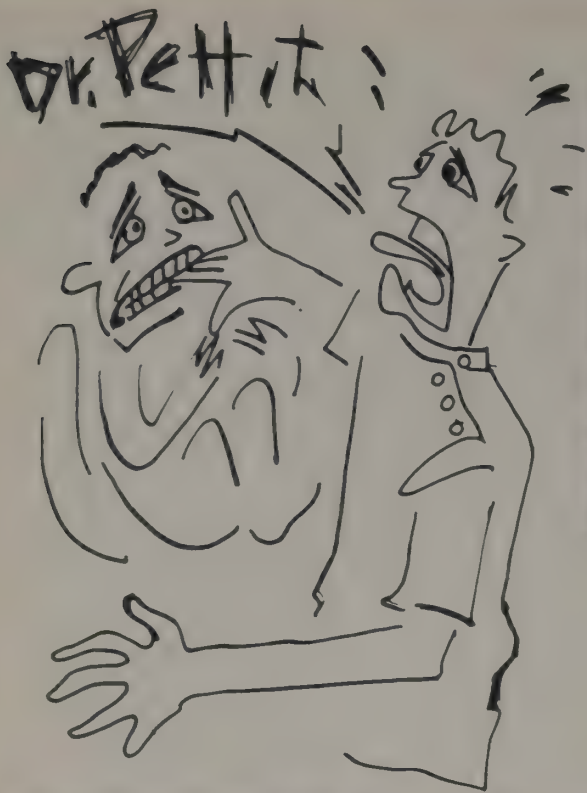

"Place tooth A in hole B."

This is the last date I have with a fat girl.

Money changers in the temple.

Listen — you will feel no pain!

You forgot to wind it!

And this is my assistant, Miss Bickerstaff

Board Review

But, COBO said it wouldn't work.

HIGH NOON

Go ahead. My parking meter already ran out.

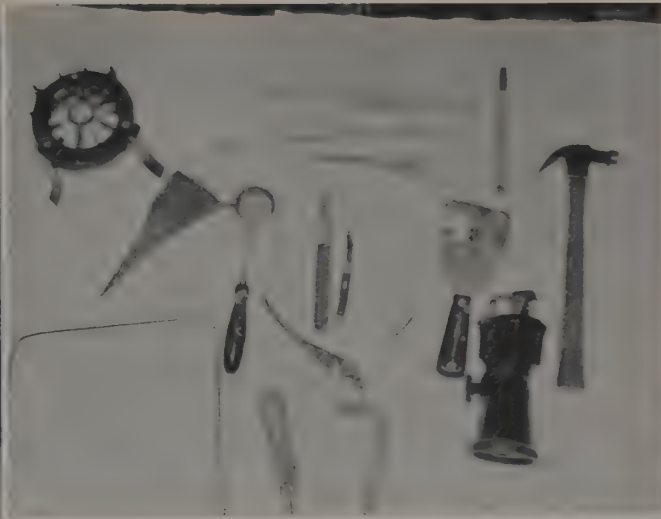

Pamphries- quick - cancel all tests on the new tooth paste

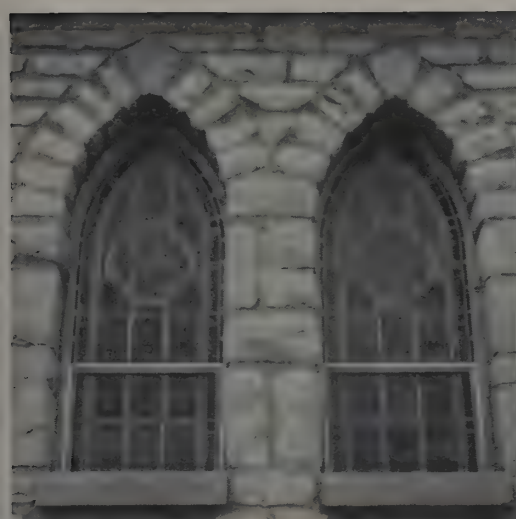

Dick, if you do that once more!

Dam and wedge in place.

Are you certain of your foil teeth?

Two Gothic Arches must be better than one.

You're right — she's edentulous

Have you ever considered Optometry?

I hate to disagree with you but —

Another round and we'll festoon.

The candle is burning my hand

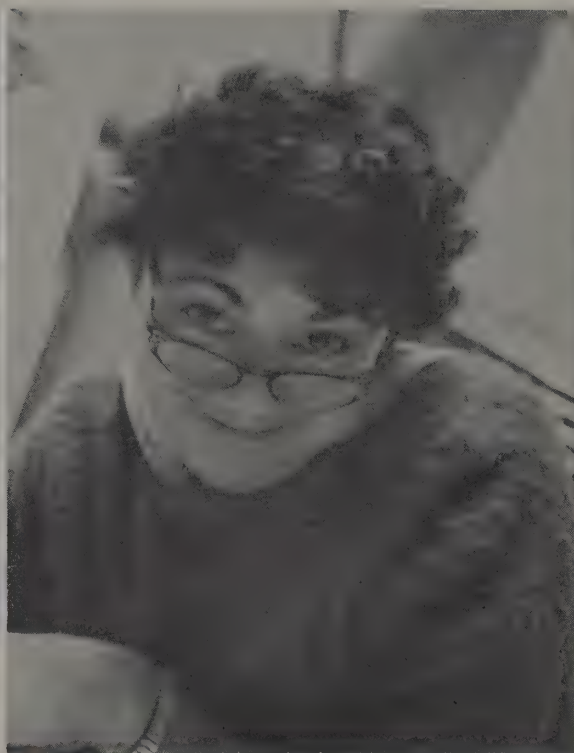

Watch the hand, Buster

"Baa-Baa Baaaaa"

What extra ace? Where?

He wants a date with me?

and if I'm elected —

Your Mother's coming home?

Who took my beer?

I just couldn't say no to both.

Dental Hygiene Tea

Dr. Consuelo Wise receiving a plaque in appreciation from Joanne Toller, President of the Ohio State Dental Hygienist's Association.

"To Dr. Consuelo Wise in appreciation . . ."

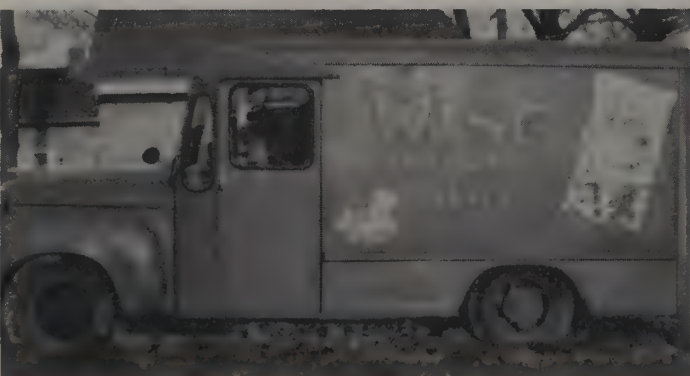

Payola Exposed

Through clever subterfuge, our staff has been able to uncover the clandestine activities of the hierarchy of our college by which they have been able to sustain themselves apart from their dental activities.

2/13/60

Xi Psi Phi National Convention

Xi Psi Phi fraternity held its bi-annual convention December 26, 27, and 28 at the Deshler Hilton Hotel.

Representatives from twenty-eight college chapters were present with Kappa chapter Ohio State University as host chapter. A buffet was held at the chapter house on Sunday, December 26, for all visiting officials and state alumni. The business meetings were held December 27 and 28.

The Presidents banquet was held at the Deshler Hilton on Monday night, preceded by a cocktail hour at the hotel.

Dean Wendell Postle and Assistant Dean John R. Wilson were honored guests at the banquet.

General Oscar P. Snyder was guest speaker. His subject was "Fraternalism after Graduation."

A tour of the Ohio State Dental College was conducted by the members of Kappa chapter after the business was completed Tuesday at noon. Comments ranged from: "unbelievable," to a complete sense of awe. Special interests were the high speed equipment, and the television facilities.

Psi Omega House Dedication

The year of 1959 was a tremendous year for Psi Omega at Ohio State University, for their new house was completed in late March and was first occupied at the beginning of Spring Quarter. Its dedication was a splendid affair held in April during the Post-Graduate Assembly.

The dedication activities were centered around a luncheon served in the new house with Doctor James Hull as toastmaster, and Doctor William Harman as the guest speaker. The highlight of the occasion was the dedication of the Chapter Library to Doctor William C. Dew, the library being named in his honor as the "Dew Library."

But special thanks must be given to the Psi Omega House Company, who are responsible for the dream of a new house becoming a reality.

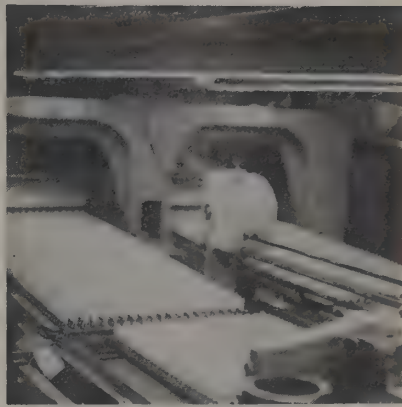

Guests of Eli Lilly and Company

January 24, 25, and 26, 1960

Dental Clinic
O. S. U.

Dear Sir:

I would have preferred to have called the clinic and voiced my problem but this was impossible. Let me explain: I have trouble speaking as I have been wearing a rubber dam for 3 days. On my last appointment I was told to leave the chair since it was 11:30 and all patients had to be dismissed. I was undergoing an endodontic service at the time and would have preferred to remain at least till the calculations were accomplished but apparently this was impossible. However, the student did furnish me with several x-ray films and some small instruments and instructions on how to finish up the work. I may insert the instrument, and my Mother-In-Law has done the same. I wonder if I might drive over to the clinic and have someone check the procedure. When this has happened in the past I have always waited till my next appointment to have the rubber dam removed, but since my next appointment is still a week away and my daughter is being married Saturday, I wonder if I might not be granted special consideration.

Thanks So Much,
Fred Otis
Fred Otis

P. S. If it is of any help we were on page 3 of the procedure chart the last appointment.
Thanks again.

Dental Clinic
O. S. U.

Dear Sir:

I am writing to answer the questions about the strength and duration of the injections that were used on me at my last dental appointment. Last Tuesday morning at 9:00 A. M., I received the first of 16 injections that were administered to me that day. That evening when I left at 6:15 P. M. I was still quite numb and remained that way until I awoke 2 days later on Thursday at 3 o'clock in the morning. By that time feeling had returned to my head and neck and upper chest region. There were large areas of discolored-blue swelling about my face but they had disappeared by Friday noon and it was then I noticed that the sensation of touch was returning to my fingers and toes. Saturday morning I was able to dress myself and take light liquids and by Sunday morning was walking unassisted about the house. It is now 9:00 A. M. Monday morning and other than the fact that I must still wear Elastic Stockings, a Truss, and a catheter tube I feel perfectly normal and expect to make it in to the clinic tomorrow for my next appointment for another temporary filling - I will again notify you of the results of the "shots".

Sincerely,
Lamont DuPont

SID JESSIE

Dental Clinic
O. S. U.
U. S. A.

Dear Sir:

Three and a half years ago I came to the clinic to have a denture made. It has not been completed as yet. My student dentist is 43 years of age and is anxious to graduate and I am anxious to get my "teeth." The trouble seems to be in the arrangement of one (1) of the front teeth, the big one right in the center; one week we move it here, one week there, and one week right back where it was in the first place. I was wondering if maybe we could just leave it out altogether, as it doesn't bother me at all. I am a coal miner, and only wear my teeth down in the mine - when I come out at quitting time, I put them in lunch-bucket, so nobody sees them very much anyway. If this is agreeable to you please tell my student dentist and I'll get them the next trip in.

Hoping to see you soon,

X

John Henry Boggs

P.S. It's O. K. with me if he just gives me the wax dentures, as I said I don't wear them at all.

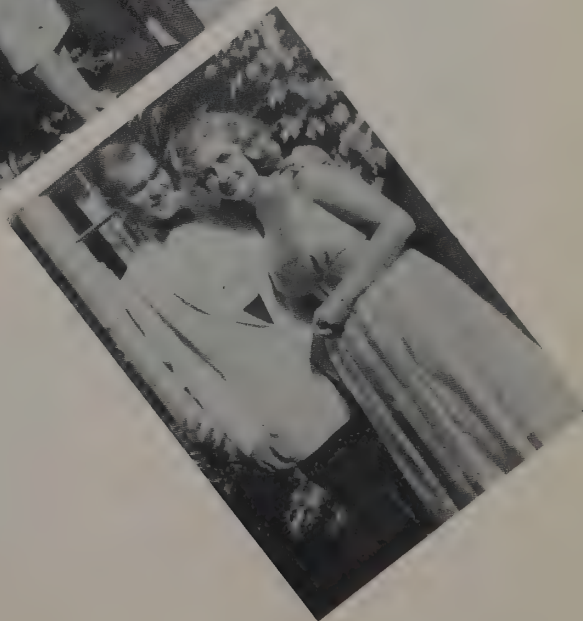

THE OHIO STATE UNIVERSITY

To Dr. Potrazebic:

Remarks A memo to you, sir, for today's daily tasks of laborous duty at the Dental Clinic. After taking at least twenty full mouth x-rays, would you kindly screen the thirty patients that are waiting you in the adjoining room. When that is finished, attend to the patients who came to have their teeth cleaned. This should keep you busy this morning, and for the afternoon we have a little surprise-- one hundred and forty extractions followed by thirty five biopsies. After this has received prompt attention, kindly move your downstairs locker at the east end of the building to the fourth floor at the west end.

Sincerely,
Your helpful Instructor

P. S. Your own with the "C" sticker was found in a faculty locker - kindly pay the thirty dollar fine so you may attend class tomorrow.

The 1960 Odontos staff wishes to extend its appreciation to the many persons who aided in the creation of this edition.

To Doctor Thomas F. McBride, faculty advisor, whose assistance was a valuable asset toward the publication of this edition.

To Matt McCormick, Dick Kennard, the Taylor Yearbook Representatives, whose advice was invaluable.

To Ernie Roush for his generous assistance in availing the use of the building to our staff.

To Diane Snelson, and Joanne Torrello go our deepest thanks for their clerical assistance.

To Ken Bailey for his able legal advice and counsel.

And to the others, too numerous to mention, go our sincere appreciation for their many varied services.

We thank each and everyone of you.

In fifteen years of happy association with professional men, hundreds of dentists have availed themselves of my life insurance counseling service.

May I assist you in constructing your life insurance programs in an intelligent arrangement considering the present day income and estate tax structures.

My sincere thanks and best wishes come to each one of you for the many courtesies always accorded me, during my 15 years of pleasant association with professional men.

**NOW . . . Another Dental Aid for the Many Thousands
of Satisfied Users of Columbia Model-Base Formers**

Anterior-Bite Models Made Neatly
and Quickly With the
**NEW Columbia Anterior-Bite
Model Former . . .**

- A special anterior impression tray takes impressions of both upper and lower together; no need for separate impressions.
- Impression tray is then pressed into slot in the flexible rubber model former.
- With one pouring of plaster or stone a neat, sharply-outlined model of the anterior bite . . . in one piece . . . is easily produced.

Neat, presentable models of the anterior bite are most advantageous
in a "before-and-after" demonstration to the patient.

Order this anterior-bite model former today — Cat. No. 903 — \$7.50.

The Weber Air Turbine gives you more exclusive features than any other handpiece

Quiet—Quiet—Quiet! The sound you and your patient may hear, which you do not feel, is the sound of progress.

One Foot Control — With a Weber Air Turbine you continue using one foot controller which also controls your regular engine. There is no lost motion, confusion or fatigue. The same foot controller also controls air/water spray.

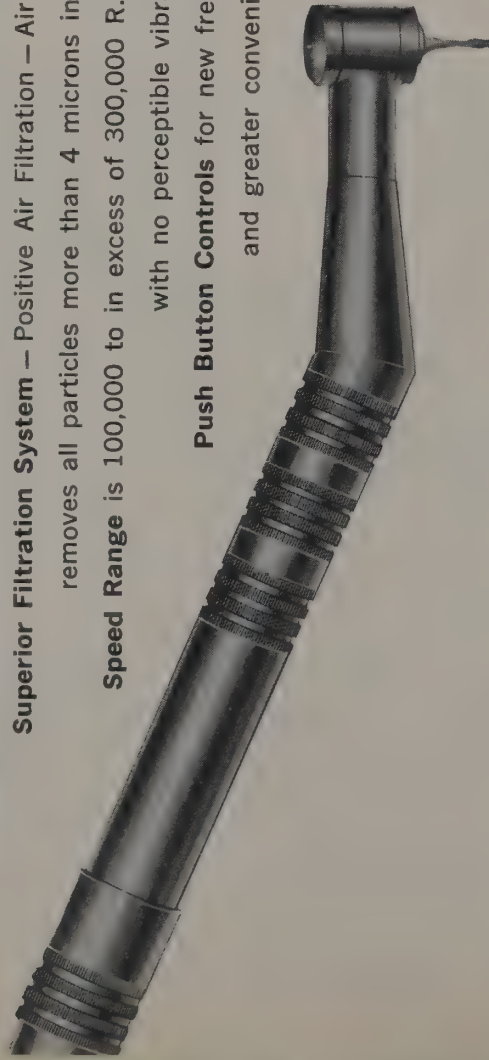

No Splash Twin Spray (Lots of Water) — Twin spray built-in dual water and air outlets provide superlative coverage for positive control of tooth temperature in all cutting procedures.

Superior Filtration System — Positive Air Filtration — Air filter removes all particles more than 4 microns in size.

Speed Range is 100,000 to in excess of 300,000 R. P. M. with no perceptible vibration.

Push Button Controls for new freedom and greater convenience.

THIS IS HOW A SMALL HEAD LOOKS IN A SMALL HEAD

This is a small four year-old child's **first** X-Ray. Note room to spare when using new small Weber head in the molar region.

Ask about Weber's new financing plan today and the new Web-Air Compressor, specifically designed for ultra-high speed handpieces.

Men with 502 Years of Dental Field Experience

serving you as Managers in 15 R&R Stores

Your R & R store is *more* than a source of over 9000 different items to meet your dental needs . . . it is your headquarters for experienced counsel on many little things (and big things, too!) to aid your practice.

You benefit from the long experience of your R & R store manager in many ways. His knowledge of your needs enables him to carry adequate stocks of the right dental supplies and equipment at all times. He maintains a repair and installation department. He offers free Office Planning and Designing Service. He is your friend—with the know-how to help you. He also has access to the specialized experience of other R & R employees in each store.

THE R & R STORE MANAGERS, SHOWN BELOW, INVITE YOU TO COME IN AND GET BETTER ACQUAINTED!

Tick . . . tick . . . tick . . . the clock sounds the seconds; 60 seconds become a minute, 60 minutes an hour, and **this** year Crescent rounds out 60 years of service to the profession. Here are but a few of the quality products in the Crescent line recognized and recommended by dentists throughout the world—and made available **to you** at your nearby dealer. For better dentistry today and tomorrow, there's no time like the present to call your dealer for the Crescent products you need now.

Crescent Dental Mfg. Co., 1839 S. Pulaski Road, Chicago 23, Illinois

THAT FIRST PATIENT . . .

When that day comes, if you're like most of us, everything you've been told will float before your eyes, but you'll make out.

And you will find that people want and are able to help you; your local dental society, your laboratory, your dental journals and the men who represent the manufacturers of the best dental products.

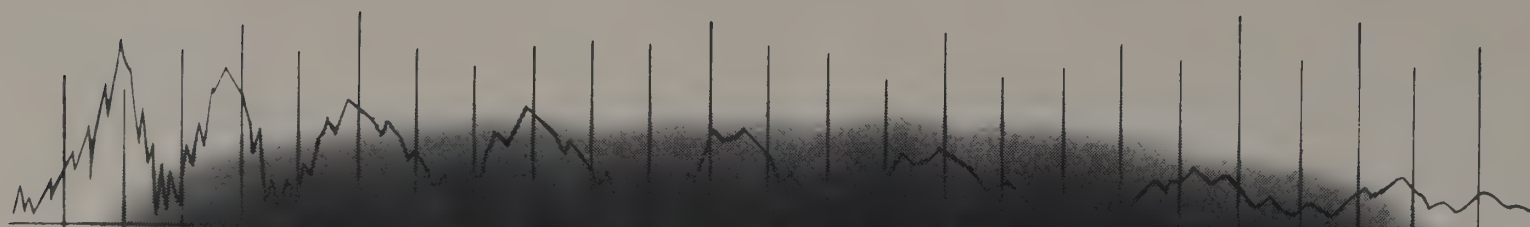

Ney has worked closely with leading dental schools such as yours by supplying technical books and data on gold technics. Ney can continue to help you through the Ney Technical Representative nearest to you when you begin practice. You'll find his name listed here. His technical assistance will help you do the finest gold work—and the most expert restorative work done today involves gold.

THESE NEY TECHNICAL REPRESENTATIVES CAN HELP YOU

A Denture is an Emotional Experience...

... and the natural patient symptoms of fear and depression can be greatly reduced, and sometimes overcome, by skillful use of the many elements in the Trubyte Esthetics Program

THE FIRST CONSULTATION CAN BE INFORMATIVE AND REASSURING✓

Trubyte Patient Education Aids make it possible for you to show your patients, clearly and dramatically, what modern prosthetic dentistry can accomplish. When your patients see "Living Dentures," they will understand, perhaps for the first time, that the denture experience need not be

associated with advancing age and declining vigor. The proper presentation of this beautiful new patient education book will contribute immeasurably to the process of psychological readjustment, and will enlist the patient cooperation so necessary to the final success of the restoration.

THE PRELIMINARY CHAIR WORK CAN BUILD PATIENT CONFIDENCE AND FACILITATE THE INITIAL STEPS OF THE DENTURE CREATION.

The Trubyte Bioform Professional Denture Service Unit can be invaluable to you and your patients. The Unit is an important aid to preliminary tooth selection and arrangement—equally important, perhaps,

is its value in demonstrating to your patients the personalized and individualized character of your denture service. Your patients will understand what you are doing for them, and why.

THE TRY-IN CAN BE A MOMENT OF RELIEF AND GRATITUDE.

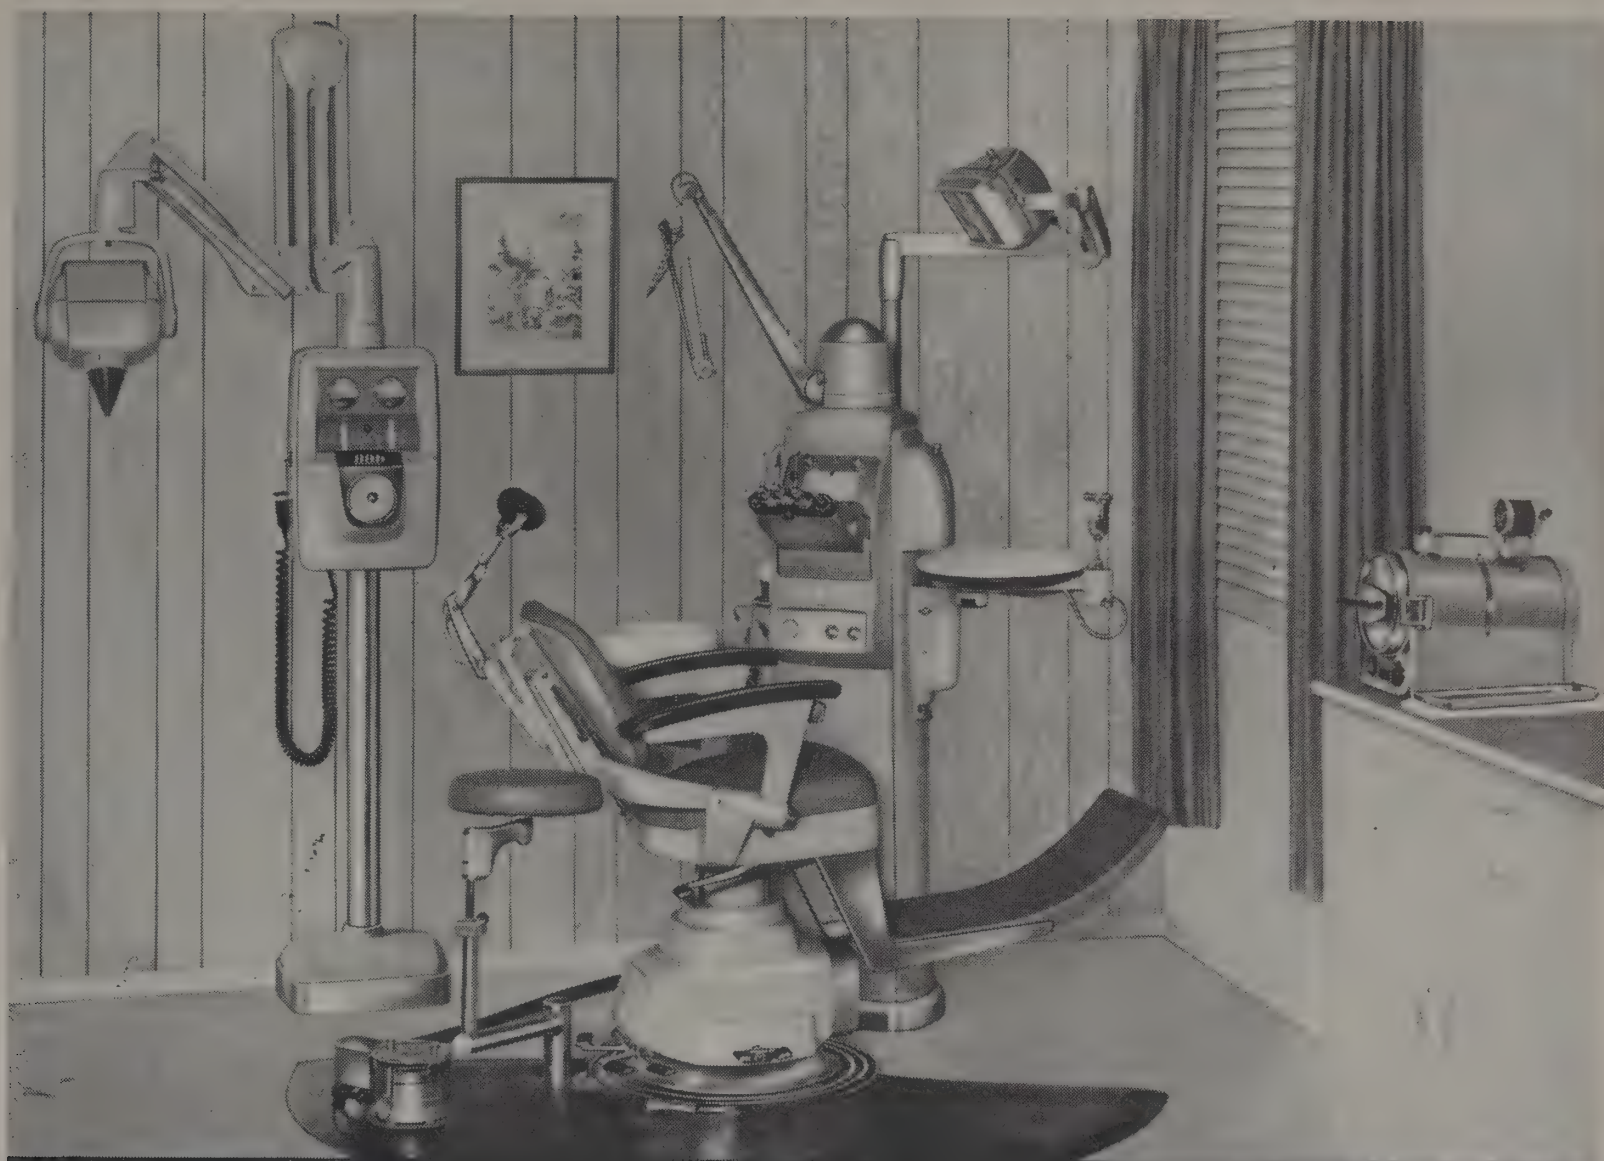

The first try-in of the completely successful restoration can be a richly rewarding experience for both you and your patient. Certainly, this experience is dependent primarily upon the application of your professional knowledge and skill to the problems of esthetic denture design. Yet many dentists have found that the Trubyte Bioform System of Tooth Selection and Arrangement, and the exclusive use of Trubyte

Bioform Teeth, are essential to consistently excellent results. This is because the Trubyte Bioform System is based upon over sixty years of continuing study of Nature's underlying principles as evidenced in the healthy, natural dentition, and because Trubyte Bioform Teeth provide the wide variety of natural tooth forms, and the radiant vitality of natural tooth shades, which simulate the beauty of living teeth.

Esthetics and Trubyte are inseparable. Your Trubyte Representative will show you how both Esthetics and Trubyte can build your prosthetic practice.
